## LAKE MILTON MAN HUNTED IN MURDER

American Producers Want In on Big Iron Curtain Market

### U.S., Russia May Begin Trade Deals

WASHINGTON (AP)—The United States appeared today to be on the threshold of new and more liberal agricultural trade relations with the Soviet bloc.

Whether it will cross the threshold may depend more on the Soviet leaders than American. A friendly gesture in the form of a Communist offer to buy surplus U.S. wheat could bring expanded trade with the Soviet Union and its satellites.

Soviet purchases this week of \$500-million worth of Canadian wheat and \$90-million worth of Australian wheat has whet the appetite of American producers, traders and some government officials for a piece of the big Iron Curtain market.

Lawmakers from farm states have joined to demand that the

United States try to cash in.

Actually, barriers to sales of U.S. farm products to the Soviet bloc have been more imaginary than real. No laws or regulations ban such sales. In recent years Communist countries have bought a small quantity of some specialty American items, but none of the major crops such as grains, cotton, tobacco, and the like.

A major factor inhibiting U.S.-Soviet trade is that this country supports some farm prices above world market levels.

To make these products competitive in international trade, the government has offered subsidies on exports. But the subsidies have been denied shipment to the Soviet Union. Thus Moscow could and did buy more cheaply elsewhere.

But a Soviet offer now to buy American wheat doubtless would bring a change in the government's subsidy policy. Certainly present agitation appears to favor such action and high administration officials have hinted that they favor it.

There are a number of factors which would make expanded trade advantageous to this country.

Sales of U.S. farm products to the Soviet Union for dollars would help improve a troublesome foreign exchange situation. In addition, such sales could reduce grain surpluses which now are weighing heavily on farmers' markets and income, as well as on the Treasury.

There is a danger, though, of

expecting too much from improved U.S.-Soviet trade relations. Trade between the two has never been large. The Soviets are buying wheat abroad now largely because of an emergency situation—a short crop this year. No one knows—not even the Soviets—just how much grain they and their satellites and other dependent areas will need before the 1964 crop is produced and gathered.

One thing sure, it would be a mistake for American farmers to plant more wheat this fall in anticipation of sales behind the iron curtain U. S. officials say.

Existing surpluses are considered to be more than enough to meet any Soviet orders, should they develop.

### Victim Slain In Niles, Killer Rapes Woman

Police Say Suspect Spotted In Car In Portage County

NILES, Ohio (AP) — An intensive manhunt was underway today for a gunman who authorities said killed a vending machine operator, robbed three persons and raped a woman.

Object of the search that was concentrated in the Portage County area was a man identified as David H. Zirwas, 25, of Lake Milton. The curly-haired, left-handed Zirwas was last seen driving a white Cadillac convertible near Rootstown in Portage County. The license number is AM 3682.

Orlando Dilullo, chief deputy in Mahoning County, said the robbery and abduction victims and witnesses of the slaying of Ben Krawiecki established the identification.

Dilullo said the attack on the woman occurred in a lover's lane in Lake Milton Thursday night, several hours after Krawiecki was killed. He quoted Mrs. Mary Lou Borowice, 27, of Warren, as saying the gunman drove her to a secluded spot, raped her, then sped from the wooded area in his car.

Mrs. Borowice and Allen Cornell, 28, of Lake Milton, were sitting in his parked car on Ohio 18 near Niles when a man wielding a gun appeared and ordered Cornell from the car, Dilullo said.

The assailant then fled in the car with Mrs. Borowice. Krawiecki, 46, of Youngstown, was shot and killed by a gunman witnesses said is left handed. Krawiecki, an employee of the National Cigarette Company, a Youngstown vending machine company, was gunned down on a street corner in Niles.

A number of persons, including some utility company repairmen working on a power line, witnessed the shooting at 4 p.m. They said a man waiting in Krawiecki's parked car killed Krawiecki. A shot was fired from the car window with a .45-caliber pistol.

The gunman took \$100 from Krawiecki and fled in the slain man's car.

About an hour later a man answering the description of the hunted gunman got a haircut at the T. W. Mulligan barbershop west of Youngstown, then got \$35 in a holdup.

Police in Portage and Summit counties were alerted after a Portage deputy spotted the white convertible 1:30 a.m. today. He radioed for help and a road

### Sen. Goldwater Against Treaty

Says He Won't Vote In Favor of Test Pact

WASHINGTON (AP) — Sen. Barry Goldwater says he will vote against ratification of the limited nuclear test-ban treaty, even if it costs him his political career.

The Arizona Republican, considered a contender for presidential nomination in 1964, told the Senate Thursday he had been warned that "to vote against this treaty is to commit political suicide."

But, he declared, "I will vote against this treaty because in my heart, mind, soul and conscience, I feel it detrimental to the strength of my country."

"If it means political suicide to vote for my country and against this treaty, then I commit it gladly. It is not my future that concerns me. It is my country—and what my conscience tells me is how best I may serve it."

His speech capped another lengthy day of debate on the treaty in which the time was used mostly by opponents.

Nevertheless, when the vote is taken next Tuesday, ratification seems assured. Eighty-one senators have announced for the treaty or are leaning that way, with only 14 definitely opposed. Ratification requires a two-thirds majority—67 votes if all 100 senators vote.

### Youngstown, Canton Men Subpoenaed

YOUNGSTOWN, Ohio (AP) — Under subpoenas from the state fire marshal, a trio of Youngstown racket figures were due in the fire chief's office here this morning to answer questions.

A trio of Canton racket figures were to go to the fire chief's office in that city for the same purpose this afternoon.

Deputy State Fire Marshal Michael J. Melillo declined to disclose in advance the nature of the state's investigation, but there were reports it involved the murder of Dominick Moio, 61, who had been involved in rackets in both cities. Moio's charred body was found in the trunk of his parked car near a strip mine southwest of Canton Sept. 3. He had been shot in the head.

Subpoenaed for interrogation here were Jasper (Fats) Aiello, who has just completed a 60-day term for carrying a concealed weapon; Joey Naples, whose two brothers, Sandy and Billy, were victims of unsolved gangland killings, and Ronald Carabba, now under indictment by a federal grand jury for income tax evasion.

Due at the Canton hearing were Louis J. Battista, convicted gambler; Louis Christian, who served six months for second-degree manslaughter in 1941, and Pat Ferruccio, a juke box company operator convicted for hauling bootleg liquor in 1936.

### SAIDC Exercises Well Field Option

Purchase of the Smith Well Field by the Salem Area Industrial Development Corporation so that it can be "dressed up" for showing to a nationally-known company interested in the tract as a possible site for a 10 to 12 million dollar plant, was authorized when City Council met in special session Thursday.

SAIDC has held an option on the 60-acre property since May 4, 1960. Purchase price is \$100 per acre, or a total of approximately \$5,000. The city will retain about 10 acres for right of way purposes.

Representatives of the unidentified company, will be in Salem the first week of October to inspect the land.

City Council was informed at its meeting Tuesday night that the company was interested in the Salem tract as a site for a plant which would employ between 600 and 800 persons.

Atty. Lozier Caplan, speaking for SAIDC and the Salem Area Chamber of Commerce, asked the city to take action to render the land suitable for showing.

At yesterday's Council meeting however, SAIDC was informed by City Solicitor Thomas Coe that for the city to make the improvements legally would necessitate more time than is available.

SAIDC then held an impromptu meeting at the rear of Council chambers and voted to exercise its option to buy the property so it could start the necessary improvements immediately.

Council subsequently passed an ordinance directing the city solicitor to prepare a warranty deed from the city to SAIDC for the well field.

Clearing of the deed, which is held in mortgage for a water bond indenture, is expected to be authorized at Council's next regular session. Coe said that once action is started to clear the deed, it will take about 30 days to complete.

SAIDC plans to spend approximately \$10,000 to improve the

land, according to Arch Bricker president.

Clearing of the property, drainage where necessary and as much grading as is feasible will be done, he said. Work is expected to begin Monday.

### Greenford Board Sets Open House

GREENFORD — Oct. 21 was set Thursday night by the Greenford School District Board of Education as the date for an open house for the new four-room kindergarten-elementary section. The project is expected to be completed in the next two or three weeks.

The architect and board members will hold a special meeting Oct. 12 and tour the new addition to make sure all construction is completed. The school also has a new shop and library section.

The new wing was built by Nespeca Construction Co. of Youngstown after voters passed a \$165,000 bond issue last November.

Superintendent Woodrow Bailey said the open house would be held in conjunction with the Parent-Teachers Association meeting Oct. 21.

The board approved painting of the old gym by PTA members and the installation of a new gym floor by the Greenford Ruritan Club. The Ruritans will lay concrete and put in vinyl tile.

The superintendent reported that the school enrollment for the new term is 632.

Permission was granted by the board to Linda Cook to finish her senior year at Leetonia High school.

It was reported the new school bus will arrive Oct. 20. The van will replace a used one bought from Bert Schaeffer, which will be kept as a spare.

The next regular meeting of the board will be Oct. 17.

### Life In Cuba

Journey to Island Can Be Funny, Writer Says

By ARTHUR JONES

HAVANA (AP)—The Westerner in Cuba is the loneliest man in the world. He is trusted by neither the people nor the government.

His entry and exit depend entirely on the whim of the government and the on-again off-again Mexico City flight of Cuban Airlines.

But the Mexicans are even more suspicious than the Cubans. Every person using Mexico City to enter Cuba is photographed, checked and rechecked.

Despite the tension, however, the whole affair can be rather humorous. If Cuban's Bristol Britannia leaves on the right day it can be said to be on time—hours mean nothing.

Buckling their made-in-Michigan seat belts on my flight into Cuba were an assortment of Eastern Europeans, some Indonesians, returning Cuba officials and diplomatic couriers. The largest single nationality was Czechoslovak.

Public dining offers only croquettes and various forms of rice. There are about six good — and high-priced — restaurants and a managed. The diet is not balanced. There are few if any vegetables. Since I was somewhat concerned about my citrus intake I managed to get lemon and lime juice by ordering daiquiris without rum. The only drink readily available is rum and cola. Beer is available only on the day it arrives from the brewery. There isn't enough to last long.

Cuban knowledge of America is quite dated. One gun-toting girl who laid her rifle on the store counter to watch me buy Castro Christmas cards and souvenirs, bade me goodbye with "See you later alligator."

Some Cubans rely on parcels from the United States, Spain and other Latin-American countries to relieve the monotonous diet and supplement the meager quantities they receive.

Mainly there are concerned about their children. "The babies don't play with dolls any more after school. They say 'I'm going to make a speech like Fidel!'" said one mother. Children applaud the Red Chinese in the movies.

Cubans love their country. Many are prepared to stay no matter what. Others have found

PROPOSED BANKING FACILITY — Construction of the Home Savings and Loan Co. banking facility on the site of the old post office here is expected to get under way within 60 days, Norman D. Eckfeld, local branch manager, said today. The artist's sketch of the structure, above, depicts a brick building of Colonial design, measuring 94 by 41 feet, and facing on E. State St. Parking space for 30 cars will be provided behind the building, with a drive-in window for fast service and 24-hour night deposit service. Traffic will enter from Lincoln Ave. and Sugartree Alley, exiting either onto State St. or Sugartree Alley. The opening of the Salem branch will be part of the 75th anniversary of the founding of the parent firm in January 1889.

### President Proposes Joint Moon Effort In UN Speech

UNITED NATIONS, N.Y. (AP)

—President Kennedy said today the world may have reached "a pause in the cold war." He suggested it be dramatized by a U.S.-Soviet expedition to the moon with the two nations pooling research and experience in space.

In a major foreign policy pronouncement before the United Nations, Kennedy said the negotiation of a limited nuclear test-ban treaty—which he predicted would win "overwhelming endorsement" from the U.S. Senate next week—could prove "the start of a long

and fruitful journey" toward peace.

And he said it might be followed by a joint American-Soviet effort to place the first humans on the moon, "not as the representatives of a single nation, but the representatives of all humanity."

In his address prepared for delivery to the 18th General Assembly, Kennedy also called for steps toward disarmament and a broad test ban, abolition of racial and religious discrimination everywhere and new efforts to

strengthen the United Nations as an instrument of international cooperation.

The President's address had been awaited with mounting interest because it followed by one day a generally conciliatory talk to the General Assembly by Soviet Foreign Minister Andrei A. Gromyko.

In his only reference to Gromyko's talk, Kennedy said: "We must continue to seek agreement, encouraged by yesterday's affirmative response to this proposal, by the Soviet foreign minister, on an arrangement to keep weapons of mass destruction out of outer space."

With the reference to Gromyko's speech, which also called for a summit conference on disarmament next year, Kennedy went on to make his dramatic proposal for the joint moon shot.

In space, Kennedy said, both the United States and the Soviet Union have "a special capacity." Furthermore, he argued, both have agreed through the United Nations that they will make no territorial claims in space.

Having prepared this backdrop, Kennedy said:

"Why, therefore, should man's first flight to the moon be a matter of national competition? Why should the United States and the Soviet Union, in preparing for such expeditions, become involved in immense duplications of research, construction and expenditure?"

"Surely we should explore whether the scientists and astronauts of our two countries—indeed of all the world—cannot work together in the conquest of space, sending some day in this decade to the moon, not the representatives of a single nation, but the representatives of all humanity."

Even though Kennedy said this might become a worldwide project he emphasized the "special capacity" of the United States and the

### GOP To Defend Tax Slash Stand

WASHINGTON (AP) — Republicans tell the nation tonight and Saturday their side of the tax story—why they feel Congress should not cut taxes without a brake on spending.

The reply to President Kennedy's radio and television appeal for his \$11-billion tax cut program will be launched this evening by Rep. John W. Byrnes of Wisconsin.

Byrnes, senior Republican member of the tax-writing House Ways and Means Committee, has pledged to "oppose the tax bill with every ounce of energy at my command" unless the House attaches to it a spending lid amendment he has drafted.

The Conference of House Republicans has endorsed the Byrnes amendment.

Byrnes' talk will be carried by the ABC and CBS television and radio networks at 6 p.m. Eastern Standard Time today and by Mutual radio at 6:35 p.m.

Rep. Thomas B. Curtis of Missouri will speak on NBC television and radio at 6 p.m. Saturday. Curtis is senior Republican House member of the Joint Economic

Committee and also serves on the Ways and Means Committee.

The networks, which carried on Wednesday Kennedy's appeal for quick passage of the tax bill without limiting amendments, made the equal time available at the request of the Republican National Committee.

Byrnes' amendment makes the cut inoperative unless the President submits in January or before budget estimates of spending not exceeding \$97 billion for the present fiscal year, which began July 1, and \$98 billion for the succeeding year. Both these figures are under the current estimates of spending.

Republicans contend they cannot rely on pledges, such as the one Kennedy renewed Wednesday, to control spending and drive for a balance budget as soon as possible. They say the restraints must be spelled out in law.

The Democratic majority of the Ways and Means Committee wrote an economy declaration into the House bill and Kennedy endorsed it, but Byrnes dismissed this as a mere pious declaration and evidence of Democratic guilty conscience.

### Men Named To Study Birmingham Problem

BIRMINGHAM, Ala. (AP) — Mayor Albert Boutwell welcomed today the appointment of a presidential commission seeking racial peace in troubled Birmingham.

But he disagreed sharply with Negro leaders who urged President Kennedy to send troops to maintain order in Birmingham, where the Sunday bombing of a church killed two Negro girls.

Kennedy talked to the Negro leaders at the White House Thursday. Five Birmingham community leaders will meet with Kennedy in Washington Monday.

Boutwell applauded the selection of the former Army football coach, Earl Blaik, and former Secretary of the Army Kenneth C. Royall for the mission to Birmingham, praising them as distinguished and able men devoid of "any stigma of politics or partiality."

"We welcome, as a city and a

people, the cooperation of any who are willing to understand our difficulties and be genuinely helpful in their solution," the mayor said.

Royall, 58, an attorney, once was a state senator in North Carolina.

Blaik, 66, is chairman of the executive committee of Avco Corp. He was the coach who built Army into a national football power during World War II.

Shortly before Kennedy announced the appointments, Boutwell told newsmen many of Bir-

Amil A. Dinsio of Poland, who recently got a \$200,000 bond reduced to \$100,000, has failed in an attempt to have it lowered further.

The Franklin County Court of Appeals at Columbus rejected his contention Tuesday that the bond is unreasonably high and violates his civil rights.

Dinsio, 27, is charged with burglary and safecracking in a supermarket robbery here Sept. 6.

He also faces criminal indictments in Mahoning County and West Virginia.

## Columbiana Drive Chairman Named

COLUMBIANA — Paul H. Schultz, plant manager of the Columbiana division of the National Rubber Machinery Co., has been named chairman of the 1963-64 Community Chest Fund Drive set for October. Initial plans were laid at a meeting of the Chest Fund committee Thursday at the high school.

Schultz is a member of Kiwanis Club and succeeds last year's representative, Atty. Richard Fox. Secretary of the drive is Phillip Swope. Tracy Powell will serve as treasurer. Directors named were William Kimpel, Richard Fox, Wilder Foertch, Arthur Conrad, Frank Boston, Fred Ward, Rev. Harold Thiedt and D. W. Bailey.

Civic clubs and organizations

representatives named to the committee are Allen Wilkoff, American Legion; Dale Sittler, Ruritan; Ray Fisher Senior Citizens; Mrs. George Householder Newcomer's Club; and Dr. William Jones, Rotary. Other representatives will be listed at a later date.

He has just returned from a two months' visit to Russia and Iron Curtain countries and has also journeyed through Africa and the Latin American countries.

Wells edits and publishes a widely known newsletter entitled "Between the Lines" and has also had experience in radio and television, bringing to the field of religion a layman's professional technique.

He has authored several books including, "Think on These Things," "Journey into Light" and "The Great Alternative." He holds membership in the American Academy of Political Science Council on Foreign Relations, Rotary Club and other research organizations.

FIRST CLASS of the "Medical Self-Help Course" sponsored by the local Civil Defense unit, will be held from 8 to 10 p.m. Tuesday in Room 16 at Columbiana High School. A total of six classes will be held through Oct. 29, dealing with information on what to do in the event of floods, fires, auto accidents, nuclear attack and childbirth.

Adults interested in attending the course who were not among the 40 persons signing up at the Street Fair may call Mrs. Thomas Cullen or attend the first class session Tuesday.

# The Doctor Says

By Dr. WAYNE G. BRANDSTADT

## Meaning of High Blood Pressure

To some persons this may be the atomic age or the space age. To others it is the hypertensive age.

Hypertension (high blood pressure) is increasing, not only in prevalence but also in the number of factors that seem to produce it, or to be closely associated with it.

Certain tumors of the glands of internal secretion, hardening of the arteries, kidney disease, some kinds of brain tumor and the toxemias that complicate pregnancy (eclampsia etc.) may cause it. But in the majority of persons whose blood pressure is high, the cause is unknown.

It is a mistake to assume that a high blood pressure reading indicates heart disease or a poor outlook for the future. A little exertion, a little excitement, or a mild feeling of uneasiness or apprehension will usually send the pressure way above the arbitrary normal.

That is why, when your doctor gets a high reading, he is likely to have you rest for a few minutes.

Then, when he takes it again, it will often be found to have returned to normal, or at least to have come down to a lower level. It has become a popular saying among doctors that the best way

to lower your blood pressure is to take it again. When your doctor takes your pressure he will always record two readings.

The upper level, the systolic pressure, is that which results from the powerful thrust of blood into your arteries when your heart contracts. The lower level, the diastolic pressure, is the level to which the pressure falls just before the next heartbeat.

The systolic pressure is much less stable than the diastolic. Systolic pressure shoots up rapidly with work or excitement and comes down just as rapidly with rest or a return of calm. The diastolic pressure is much more stable, and therefore more important. When it goes up, it usually stays up, and when it stays up this may be a warning that serious hypertension will develop in time.

Many persons whose blood pressure does not come down after a rest are still able to lead active lives and survive to a ripe old age, but because in others the hypertension is progressive and may lead to an early death from malignant hypertension, the insurance companies have no choice but to raise the premiums on all persons with a high or even an unstable blood pressure.

In addition to the factors already mentioned, heredity may play a part in high blood pressure. Obesity is surely a factor, and the pressure normally increases somewhat with age. Women show a greater tendency to high blood pressure than men, but they seem to tolerate it more readily.

## 30 Days to Better Grades

# Some Tips on Making Tests Work for Pupil

By The Reading Laboratory Inc.

Before we start today's article, a little perspective will be a good idea. If you have prepared adequately for the test, if you have been studying day by day, you will be able to get a good mark without any trouble. But at the same time, you will be able to raise your score a few points if you know a few tricks of test-making and test-taking.

Psychologists have recognized for a long time that some people tend to be better on a test than some others—regardless of intelligence. This is partly due to the fact that some people work better under stress than others do, but it is also true that some people are simply more test-wise than others. They know how to make a test work for them.

TAKE THE EXAMPLE OF objective tests, that is, true - false tests, multiple-choice tests and so forth. The unsophisticated test-taker stars o answer the first question and works his way through to the end. That sounds sensible but it really is not. The test-wise student reads the test all he way through before he starts. He is looking to see if the test gives away some answers. Most long objective tests will, for instance, the answer to question 5 (or a good clue to the answer may be implied by question 20— or maybe by question 3, 21 and 22, when they are taken together.

The true-false tests are another case in point. Watch out for the little but so-important universal qualifiers on the true-false tests. The universal qualifiers are "always," "never," "all," "none" and words like them. The sentence in which they appear is usually false. For instance we have the sentence, "Men are created equal"—which may be a true sentence. But compare it to: "Men are created equal in all ways." This is obviously false. Some men are smarter than others, stronger than others and so forth. See what a difference the "in all ways" makes? Be very careful of these little universal qualifiers.

YOU WILL ALSO RUN into the standardized multiple - choice tests. These are IQ tests, vocabulary tests, placement tests and the like that are not made up by your teacher. They are usually printed in regular booklet form.

Many of the standardized multiple-choice tests are scored by counting just the right answers. No points are taken off for wrong answers. That means that on a 100-question test, if you got 40 right and 60 wrong, your score would be twice as high as it would be if you took your time and got 20 right and none wrong—just the right answers are counted.

You must be careful, though, because some tests—College Boards are one—penalize you for wrong answers. The best thing to do is to ask your proctor how the test is scored—whether it's a right-minus-wrong test or if just the right answers are counted. If there are no penalties for wrong answers, fill in every blank on the

test! Even if you take some wild guesses, the law of averages says that you will get one of them right.

Remember, that these are all ways to make the structure of the test work for you. They are little tricks that may help you out, but they are no substitute for good, solid preparation.

## Fighting the Public Conscience

When President Kennedy goes over congressional heads to urge popular support for tax reduction, he is not at his best.

Why should he find it necessary to convince his countrymen they should support tax reduction? Politicians grow up at the ward boss's knee believing tax reduction is the best vote bait in existence.

Rank-and-file voters are supposed to be helpless when tax reduction is dangled in front of their eyes. Taxes are never popular. One of the prime political axioms, used through generations of applied politics, is: "Vote for all spending and against all taxing."

But tax reduction in 1963 does not find rank-and-file voters snapping at the bait. A most unusual thing has happened.

HERE IS A proposition supposedly sure-fire that has been sputtering its fuse ever since it was thrown into discussion last January.

The recession it was supposed to ward off has failed to materialize. The Wall Street Journal reported in its Sept. 18 edition that the "current business upswing displays a remarkable immunity to the ravages of time."

The tax relief it was designed to give has been interesting but not irresistible to masses of taxpayers supposed to be hysterical about tax relief. It is as if the ordinary run of people had looked at the array of household

appliances mentioned by Mr. Kennedy in his appeal for support and said they intended to buy them tax cut or not tax cut.

As for the unemployed and what a tax cut might mean to them, it is more obvious to people who work for wages than it is to the President that in the first place the unemployed pay no income taxes, being without income, and in the second place do not believe a tax cut would put them to work.

PRESIDENT KENNEDY is earnest about a tax cut. He must be puzzled by the cold shoulder his proposal has received.

Has he not been given support by outstanding businessmen? Has he not made it plain that deficit financing — spending in excess of income to stimulate expansion — is sophisticated business practice?

One misgiving sticks in the popular craw. Million of people who have been taught to live within their incomes cannot understand why there should be different rules for the federal government.

Why should it hand back \$11 billion of anticipated revenue when it is expecting to be short by more than that amount in the next fiscal year?

This would be stupid or crooked if an individual tried it. President Kennedy is fighting the public conscience. Some of the things he is saying sound as if he didn't know the public had one.

By DAVID LAWRENCE

President Kennedy has been asked by members of Congress to proclaim soon a day of mourning to proclaim soon a day of mourning.

David Lawrence  
It would, however, be fitting if

the President also asked the American people to mourn for all the victims — white and Negro — who have died as a result of racial disturbances in recent months.

The records show that, in the space of a few months, deaths of four whites as well as nine Negroes, or a total of 13 persons, have occurred. As yet, no one has been convicted in any of these cases.

There have been 21 bombings in Birmingham alone in the past eight years, but the one last Sunday was the first in which anyone was killed. This has given rise to

the theory that the dynamiting was intended primarily to terrorize, because in every church bombing except the last the bombs exploded either before or after services.

A news dispatch from Birmingham says that some white leaders have accused Negroes of being responsible for the bombings to gain national attention for their cause.

Thus far the American people have no way to fix the responsibility for these bombings. There has been a lot of loose talk — some of it bordering on libel — mentioning certain public officials

as "responsible" for the murder of children at the Birmingham church.

The killings in recent months have occurred under differing circumstances but usually in connection with "demonstrations" or riots, thus raising the question as to whether public demonstrations under highly emotional circumstances are really useful.

PROTESTS at public meetings gain publicity just the same as street "demonstrations," but it is the latter which become provocative because there are still many citizens who do not understand

the right of petition and resent the expression of views with which they don't agree.

In order to introduce a spirit of mutual understanding and in the hope that the processes of reason will be substituted for violence and threats of violence, a day of mourning proclaimed nationally by the President could have constructive results. Every family — both white and Negro — which has suffered a loss deserves the sympathy and compassion of the nation.

In the news dispatch for the last 12 months, the following deaths have been noted:

Sept. 30, 1962 — French newsmen Paul Guiraud and TV repairman Walter R. Gunter, of Oxford, Miss., slain during riot that accompanied the forced enrollment of Negro James Meredith at the University of Mississippi. Unsolved.

April 23, 1963 — Baltimore postman William L. Moore shot to death near Gadsden, Ala., while stinging a one-man "freedom walk" to deliver letter to Gov. Barnett of Mississippi, urging racial moderation. The Etowah County Grand Jury refused on Sept. 13 to indict Floyd L. Simpson, 40, arrested in connection with the crime two days after Moore was killed.

June 6, 1963 — Fred Link, 24, automobile mechanic, killed by a rifle bullet fired into a crowd of whites during a riot at Lexington, N.C. Three Negroes have been charged with his death.

ALL WERE white. The Negro victims include:

June 13, 1963 — Civil Rights leader, Medgar Evers, 37, shot from ambush in driveway of home at Jackson, Miss. A white man, Byron Beckwith, has been charged, and is being held in jail.

Aug. 10, 1963 — Serina Taylor, 14, killed at Jersey City, N.J., by a shotgun blast fired by white man. One white charged with murder, a second with assault with intent to kill. Incident grew out of earlier argument between seven or eight whites and a group of Negro youths, and about half-hour later two of the whites returned to scene in a car and fired shotguns at random. Girl killed as she stood on steps of house talking to friends.

Sept. 4, 1963 — John D. Coley, 20, killed by bullet in the neck during rioting that broke out in Birmingham after home of Negro attorney Arthur Shores was bombed for the second time in two weeks. Not determined who fired bullet that killed him.

Sept. 15, 1963 — Four Negro girls — Cynthia Wesley, 14, Denise McNair, 11, Carol Robertson, 14, Addie Mae Collins, 14 — killed by bomb blast in 16th Street Baptist Church in Birmingham. Johnny Robinson, 16, died from shotgun wound inflicted by a policeman when he ignored police orders to stop throwing rocks at whites' cars during the disorder that followed church bombing. Virgil Wade, 13, was killed while riding bicycle just outside Birmingham and two white youths charged with the shooting — Michael Lee Farley, 16, and Larry Joe Sims, 16 — signed statements admitting firing the shots.

IN ADDITION to the above, Dennis Earl Robinson, 16, white, is still in a critical condition in a Birmingham hospital. He was hit by a rock thrown by a Negro boy in the violence that followed the bombing on Sept. 15.

There have also been many whites and Negroes injured during these disorders, but not critically. All these victims might well be remembered on the day of mourning proclaimed by the President.

# President Urged To Proclaim Day of Mourning

"She Feels Her Party Was A Flop — Nothing Was Damaged"

## Canadian Labor Issue

By VICTOR RIESEL

A frequently bloody international war between Canadian and American labor forces has become the mystery phenomenon of the moment.

Insiders here have been amazed by the number of heads of state, cabinet members and foreign service people who work night and day on what appears to be simply the settlement of a strike affecting a few of Canada's 110 freighters.

President Kennedy has given this war of the waterfronts the highest priority. No cabinet member is exempt from his directive.

There was, for example, the evening of Saturday, Sept. 14. The scene was the home of Supreme Court Justice Arthur Goldberg. He had invited a special group of friends to come and celebrate with Labor Secretary Willard Wirtz the first anniversary of the latter's appointment to the cabinet.

AMONG THE GUESTS WERE Ambassador Adlai Stevenson and Assistant Secretary of Labor James Reynolds; also, the nation's outstanding labor-management pension and welfare consultant, Martin E. Segal, railroad arbitrator Ralph Seward, and Prof. John Dunlop of Harvard.

It was to be a gay and relaxed evening. The secretary of labor, he arrived—for once apparently without a crisis draped around his shoulders—at 7:30 p.m. Exactly 10 minutes later there was a long distance call for him. Mr. Wirtz went upstairs. He talked animatedly until almost 9 o'clock. It is a fair assumption that he discussed the international waterfronts.

He had been doing this for months. And before him, the now relaxed Arthur Goldberg had been deep in the U.S.-Canadian controversy.

THIS FEUD between Canadian and American maritime unions has become so intense that it has involved, in the past few months, the President of the U.S., Prime Minister Lester Pearson of Canada, the Canadian Parliament, Secretary of State Dean Rusk, Canadian External Affairs Minister Paul Martin, Under Secretary of State Averell Harriman, Canadian Minister of Labor Allan MacEachen and his deputies, Attorney General Robert Kennedy, the FBI, the Royal Canadian Mounted Police and many national labor leaders of both countries.

Willard Wirtz has been to Canada twice on peace missions. Once the emergency was so pressing he flew home from St. Louis via Ottawa. Canadian cabinet members have flown to Washington three times.

What has motivated all this international turbulence which has created a greater stir than Cleopatra? What's the basic story of this fight which may yet topple

the Canadian government?

The story begins in 1948. Several of Canada's labor leaders came down to Washington. They reported that the Communist had become a power in their maritime industry.

The security of Great Lakes shipping was involved. Transport of vital iron ore from Labrador to key steel mills could have been paralyzed by political strikes. Transshipment of wheat could have been halted and the Canadian economy crippled. The Canadians asked American labor leaders to recommend a tough, hard-fisted, free-swinging man to drive out the Communists.

THEY GOT HIM. He was, and is, Hal Banks. He has a tough record, including many arrests. He became head of the Canadian district of the Seafarers' International Union whose headquarters are in New York City.

He drove out the Communists. He began expanding. There were battles as other Canadian unions charged he was moving in on their territory.

Then one of Canada's big labor organizations, the Canadian Brotherhood of Railway, Transport and General Workers, decided to drive him out of the country.

This very significantly is a very unusual kind of union in Canada. It isn't affiliated with any U.S. union. It's purely Canadian. It's opposed to having Canadian unions headquartered in the U.S., led by Americans, following U.S. policy.

If this "Canada first" union has its way, it will, for example, cut the Canadian section of the United Automobile Workers from the union led by Walter Reuther, and the Canadian Steelworkers from the organization headed by David McDonald in Pittsburgh.

WITH THIS as a basic policy, the Canadian Brotherhood declared war on the tough Hal Banks. It chartered a seamen's union called the Canadian Maritime Union.

It signed up with Upper Lakes Shipping, Lt. The transport union members operate sections of the St. Lawrence Seaway locks. So it can shut off the Great Lakes if it strikes.

It has accused Hal Banks of many things. There was a Royal Commission which heard of high living by Banks—lavish, mirrored apartments, cars, heavy expenses, night clubs—all the trimmings.

The Canadian Brotherhood wants to drive Hal Banks out of Canada. But that isn't really why so much of our nation's top leadership is worried. After all, Upper Lakes has only 16 out of 110

## LITTLE LIZ

Too many people are reverse engineers—they think the world revolves about them.

There is no way to turn off proud parents. You may as well try to turn off the sun. If you must happen to have a couple of hundred pictures of your

ships of the Canadian merchant fleet.

The point is that the Canadian Brotherhood outfit is one of the strongest backers of the New Democratic party. Prime Minister Pearson needs its support or he falls. But even that is not basic.

WHAT IS internationally vital here is the revolt by powerful forces north of the border against the AFL-CIO affiliation. These "Canada first" men want to take a million Canadian unionists out of the AFL-CIO. They want to be cut loose from American labor.

The Canadians, with their new successful socialist-labor party, don't want to be tied to U.S. policies—either at home or internationally.

So they are pressuring their prime minister to pressure the President to pressure the U.S. Seafarers to get out of Canada—or else. . . .

# Ann Landers

## ANSWERS YOUR PROBLEMS

Dear Ann Landers: There is a certain couple in our crowd who bore everyone to death with endless reports of what their children are saying and doing. They have two kids who are bright and attractive but the rest of us have kids of whom we are pretty proud, too.

The mother carries the girl's themes in her purse and reads them at bridge luncheons. The father always "just happens" to have a letter in his pocket from the boy which was written when he was away at camp.

They both carry pictures, dozens of them — and I've seen the same batch of pictures three times. They forget who has seen and heard what, and I, for one, am mighty tired of the whole routine.

These parents are not stupid, yet they are not even remotely aware that they are boring their friends to death. Any suggestions? — CAULIFLOWER EARS.

Dear Ears: Isn't it awful when people won't stop bragging about their kids' long enough to give us a chance to brag about ours? I know the type and they are insufferable.

There is no way to turn off proud parents. You may as well try to turn off the sun. If you must happen to have a couple of hundred pictures of your

own kids handy it could break up the monotony.

## Opinion Unchanged

Dear Ann: I read your views on giving boys a permanent wave and I don't agree that it is a bum idea. Listen to MY story and you'll understand why.

When my son was 11 years of age I decided his hair would look much nicer curly instead of straight as a stick. So I gave him a permanent. From then on his hair was wavy and beautiful. All it needed was a little coaxing.

To this day (eight years later) my son has the prettiest wavy hair a person could wish for. Now, aren't you sorry you told that young fellow to leave his hair alone? — DAILY READER

Dear Daily: No, I'm not sorry, and the advice stands. As for your son's hair remaining permanently curly after the permanent you gave him eight years ago there is no scientific reason for it. Hair grows out of the scalp either curly or straight. If your theory added up, one permanent would be all anyone would need.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

## See You Around

By Truman Twill

A pair of researchers who carried on a six-year medical study of 86,750 du Pont Co. employees learned some interesting things, like the fact big shots had 2.2 heart attacks per 1,000, though the rank-and-file racked up an even 4.

This suggested that big shots were the cause of heart attacks and little shots their victims, until the possibility was suggested that big shots are picked in the first place because they are less prone to let their blood pressure go up. They just raise it in others.

Therefore, it could be like the fact that fewer deaths occur among people in top physical condition than occur among ordinary mortals. Or like the fact more blowouts occur in tires that have gone 30,000 miles than on tires that have traveled only a few thousand miles.

It's probably a little of each.

THERE ARE people, generally speaking, who cause headaches and people who suffer from headaches.

There are the ulcer sufferers—still generally speaking—and people who cause ulcers.

There are people who cause high blood pressure and people who are warned by their doctors to bring down their blood pressure.

The lines are not absolute. Occasionally a misfit from the weak camp gets over into

the camp of the strong and hangs around until he gives himself away by coming apart at the seams. But mostly the race goes not only to the quick but the hardy.

The prime specimens ultimately may crack up themselves and be hauled off to Happy alley to pick lint, but they look good in the statistics because hardihood tagged them for executive responsibility in the first place.

This is the gist of what was revealed by the du Pont study. This and a wistful footnote that says a top-management job "may be no more stressful than situations commonly encountered by persons in lower job levels, at work and at home."

AT HOME, a potential victim of modern stress and strain has a fighting chance to make up for the statistical doom that hovers over him on the job.

A contented and harmonious family environment may put him one up on the executive whose family won't let him wriggle his toes in his sock feet while he unwinds.

Incidentally, the researchers learned that being overweight after 45 doesn't seem to have any connection with heart attacks, though under obesity is asking for trouble.

In men under 45 who were both overweight and had high blood pressure there were five times as many heart attacks as occurred among men with neither handicap. As us thin people keep saying, "we'll see you around if you lay off the calories."

"Excuse me, Miss! Will you marry me?"

## 55 To Begin Studies At Tech School

Fifty-five young men will be starting their electrical or mechanical engineering education Monday when classes at the Salem School of Technology begin for the 1963-64 term, supervisor Holland Cameron reported today. The second year class consists of 16 men following the June graduation of some 60.

The majority of the students registered come from a 25-mile radius of Salem although one student's home is Lima in Allen County.

The beginning class of 55 compares with a starting figure of 22 last fall.

Instructor Victor Lake said electrical engineering majors slightly outnumber mechanical engineering majors. When the first classes began, mechanics outnumbered electricals by about two to one. Gradually electrical engineering majors increased, reflecting the rising emphasis on electronics and other allied fields.

Soviet Union and used the term "a joint expedition to the moon."

There was no doubt that he regarded this as a possible avenue of dramatic cooperation between the principal cold war adversaries. But he also stressed that such a step, and others he suggested, "will require on our part full consultation with our allies."

While holding out an olive branch, Kennedy indirectly belabored the Soviet Union for its record in Germany, Cuba, the Congo, the United Nations and elsewhere.

And, he said that the United States is not without stain—specifically, in the area of racial discrimination.

Said Kennedy:

"The United States of America is opposed to discrimination and persecution on grounds of race and religion anywhere in the world, including our own nation. We are working to right the wrongs of our own nation."

Kennedy did not confine his discussion of discrimination to the United States, however. He condemned the oppression of Buddhist priests in South Viet Nam, the closing of synagogues in the Soviet Union, the Hungarian government's treatment of Joseph Cardinal Mindszenty who is in exile in the U.S. Legation in Budapest, and a ban on Protestant missions in some countries.

Recalling his address to the General Assembly two years ago, Kennedy said that at that time "the shadow of fear lay darkly across the world."

But today, he said, "the clouds have lifted a little so that new rays of hope can break through."

And he termed the test-ban treaty the first specific step in 17 years to limit the nuclear arms race.

"We meet today," said Kennedy, "in an atmosphere of rising hope, and at a moment of comparative calm."

He said his appearance at the United Nations was "not a sign of crisis but of confidence."

"Today," Kennedy declared, "we may have reached a pause in the cold war."

But he said it is a milestone—not the millennium.

And terming the pause an opportunity, he added:

"If we can stretch this pause into a period of fruitful cooperation—if both sides can now gain new confidence and true experience in concrete collaboration for peace—if we can now be as bold and far-sighted in the control of deadly weapons as we have been in their creation—then surely, this small step can be the start of a long and fruitful journey."

Kennedy said there are basic differences between the United States and the Soviet Union that put a limit on agreements and "forbid the relaxation of vigilance."

No matter, he said, "we need a much better weapon than the H-bomb—a weapon better than ballistic missiles or nuclear submarines—and that better weapon is peaceful cooperation."

The President said he believes both nations and their allies can work out further agreements "which spring from our mutual interest in avoiding mutual destruction."

## Teachers Program Here Postponed

A September elementary in-service program for Salem school teachers has been postponed until October, Superintendent of Schools Paul E. Smith reports.

The program on parent-teacher conferences, scheduled earlier for Sept. 23 and 24, has now been set for Oct. 10, with Prof. William Raines of Ohio University as guest speaker.

Dr. James Hedden of Kent State University will speak on "Contemporary Mathematics in the Elementary School" as the feature of another in-service program set for Oct. 7 and 21 and Nov. 4 and 18.

Teachers will learn about modern math and study new mathematics texts. Supt. Smith said the current math text in use is seven years old, which he says "isn't bad but could be better."

## Tech School Appropriation On Agenda

The annual appropriation for the Salem School of Technology is expected to be approved Monday night by the Salem Board of Education.

Re-employment of staff members of the technical institute and the Trades & Industries program is also due for action.

Superintendent of Schools Paul E. Smith said salaries of several teachers who have done additional academic work will also be adjusted and "one or two" non-certificate workers may be employed.

The administrator will report on school enrollment for the current year and correspondence with Prof. William Roe, of Michigan State University, who will return to Salem next Wednesday to confer with the board and the Citizens' School Committee on building facilities.

The board hopes to secure an analysis of the Senior High School from Prof. Roe and his two aides.

## Three Buildings Burn In Girard

GIRARD, Ohio (AP)—Fire protection in this city of 13,000 was largely in the hands of volunteers Thursday night while members of the regular department recovered from smoke-inhalation.

Twenty-two firemen from Girard and departments in four nearby communities were treated at St. Elizabeth and North Side hospitals after breathing smoke during a fire that destroyed three buildings on West Liberty Street Thursday afternoon.

Only two of the men—Sam De Petro, 28, and Dan Ambrose, 21, both of the Girard department—were hospitalized overnight. They were scheduled for release this morning from St. Elizabeth.

In all, about 150 firemen from 12 departments helped fight the fire which started from undetermined cause in the Arc Club at about noon. It spread to the Morris Panner Building next door and then to a two-story house from which a 6-month-old baby was rescued.

The parents, Mr. and Mrs. Alfred Hargrave, were nearby at the home of her mother when Guy Pagano dashed from his nearby dry cleaning shop into the Hargraves' upstairs apartment and saved the infant boy.

## 118 Pints of Blood Collected In Lisbon

LISBON — Lisbon area people gave a total of 118 pints of blood, seven short of the goal of 125, Thursday afternoon at the semi-annual visit of the Red Cross bloodmobile here.

The American Legion Auxiliary recruited the donors. Local nurses and doctors aided the crew sent from Cleveland with the bloodmobile.

Blood taken here is credited to the blood banks at Salem City Hospital and Salem Central Clinic and is available here to area patients.

Mrs. Jayne Calhoun was the general coordinator for Thursday's visit.

## Summitville Street Progress Reported

SUMMITVILLE — Mayor Ernest Phillips reported on progress of improvement of village streets when Village Council met Thursday night at the Fire Hall.

Mayor Phillips said county highway crews had applied black mix to W. Summit St. and sections of 3rd St. and Nitany Drive, and seal coats to Oak Ave., Morgan Road and a section of Depot St.

Council gave second reading to an ordinance which would increase gas rates here 1.7 per cent. Bills totaling \$988.52 were approved for payment.

Council's next meeting will be Oct. 17 at the Fire Hall.

## MEETING SCHEDULED

LISBON — A meeting of the advisory board of the Catholic Service Bureau will be held Thursday at 7:30 p.m. at St. George's Rectory according to Miss Mary Catherine Donahue, executive secretary.

## Greenford Rurians Set Ministers Night

GREENFORD — Ruritan Club will meet at 7 p.m. Wednesday at the school when "Ministers night" will be observed. Judge E. G. Diehm will be guest speaker. A report on the chicken barbecue will be given.

Members of the Parent Teacher Association met recently at the school and toured the new building. Judge Diehm was guest speaker. Next meeting will be at 7:30 p.m. Oct. 21 when open house will be observed.

Mr. and Mrs. Evan C. Basinger of Monrovia, Calif. are visiting their daughter and son-in-law, Mr. and Mrs. Alex Chismar.

## Birmingham

(Continued from Page One)

Birmingham's troubles were caused by "outsiders both white and colored" who "have come in here and agitated to the point where they have made our people more tense."

After talking with the Negro leaders, Kennedy urged cooperation and restraint by all Birmingham citizens and announced appointment of the two-man commission.

He said the FBI and city authorities are making "massive efforts to bring to justice the persons responsible for the bombing on Sunday and previous incidents."

Boutwell said he asked for the meeting Monday in hope of portraying to Kennedy what he called the true story of Birmingham.

As white and Negroes continued to study peacefully in desegregated schools in four Alabama cities, a relatively quiet day produced these other developments:

A student boycott at one newly integrated Birmingham school began to fade as enrollment approached normal.

Negro Vivian Malone, admitted to the University of Alabama last June 11 under an escort of federalized National Guard troops, enrolled for the fall semester without incident.

Dr. Martin Luther King Jr. called the Negroes' conference with Kennedy very fruitful, but said Birmingham Negroes are "frustrated, confused and almost on the verge of despair."

King said the President, urged to send troops into the city, replied that the federalized National Guard is still on duty, and he would wait and see what developments.

## With The Patients

Paul E. Shone of 1020 E. 3rd St. has returned home from surgery at North Side Hospital, Youngstown.

Two persons were treated for miscellaneous injuries at Alliance City Hospital Thursday.

A rose thorn was removed from a finger on the right hand of E. A. Irwin, 71, of Beloit at 10:50 a.m.

Norman Green, 4, son of Mrs. Gertrude Williams of Beloit was treated at 1:20 p.m. for contusions of the face which he received in a fall from a toy rocking horse.

## WOMEN TO MEET

## 2 Countians Hurt In Road Mishaps

Two Columbiana County persons received minor injuries Thursday in two of three area traffic mishaps.

Donald Buxton 23, of Wells-ville suffered contusions of the right eye and upper lip in a two-car mishap at 7:30 p.m. on Township Road 791, a half mile south of Route 39. The Lisbon post of the State Highway Patrol said Buxton came around a curve on the wrong side of the road and struck a car operated by Jon Huebner, 24, of Cuyahoga Falls. The patrol cited the county motorist for driving left of center.

Elwyn Brown 33, of East Liverpool received a bump over the right eye when the car in which he was riding was struck from behind at 8:15 p.m. on Route 267 a tenth mile north of East Liverpool. He was riding in a car with Ernest Brown, 41, of East Liverpool whose auto was hit in the rear by a vehicle driven by James Logston 28, of Chester, W. Va. when Brown stopped to observe a firetruck along the highway.

Sheba Collins 53, of RD 3, Lisbon was cited for driving while intoxicated after she ran off the left side of Route 7 about four miles north of Route 30, at 5:25 p.m. and hit a guard rail.

## Bonnie Bartha Becomes Bride of Steven Paster

The Holy Family Church at Orange, Calif., was the locale of a morning wedding Saturday at which nuptial vows were pledged by Miss Bonnie Carol Bartha, daughter of Mr. and Mrs. Stephen A. Bartha of Santa Ana, Calif., formerly of Salem, and Steven Paster son of Mr. and Mrs. Michael Paster Sr. of 1004 Prospect St.

Rev. Joseph Klinklesmith officiated at the 11 o'clock double ring service before an altar decorated with bouquets of white carnations roses and chrysanthemums.

Given in marriage by her father, the bride wore a street-length gown of white Chantilly lace designed with short sleeves.

Seventy-five guests were entertained at a reception in the home of the bride's parents following the wedding, and were registered by Mrs. Richard Van Duzan of Sepulveda, Calif.

Lily-of-the valley trimmed the three-tier cake which centered the bride's table.

The bride is a graduate of Burbank High School and Bartmore Beauty College.

A graduate of Salem High School, Mr. Paster is serving in the Air Force stationed at Edward Air Force Base in California.

## Study Theme Adopted by Christian Church Circles

"Home Missions" is the study theme this season for the women's groups of the First Christian Church who held their first meetings recently.

The afternoon groups met in a joint meeting in the church Fellowship Hall with an attendance of 50.

Mrs. Richard Wilson of the Lydia Group presided and opened the meeting with a prayer.

Mrs. Lloyd Marshall, leader of the Martha Group, gave the Biblical history of the name, "Martha." "Priscilla" was explained by Mrs. Perry Huffman, from the group of the same name, and the name "Lydia" was chosen by Mrs. Reed Calkins for her descriptive history.

The study for the month, "The Changing City Challenges the Church," was presented by Mrs. Lawrence Goddard, and "The Metropolitan Region" was discussed by Mrs. L. S. Richards.

The worship service was in charge of Mrs. F. W. Hone.

Luncheon was served by Mrs. Huffman, Mrs. Floyd Davis, Mrs. Lloyd Marshall, Mrs. Robert Lutz Mrs. Rudolph Pitcar and Mrs. Harold Deitch.

**Ruth Group**  
Twenty members of the Ruth Group met with the leader Mrs. Keith Heineman of the Goshen Road.

Mrs. Heineman gave the opening prayer, and Mrs. H. W. Eddy presented the Biblical story of Ruth and explained the meaning of the name.

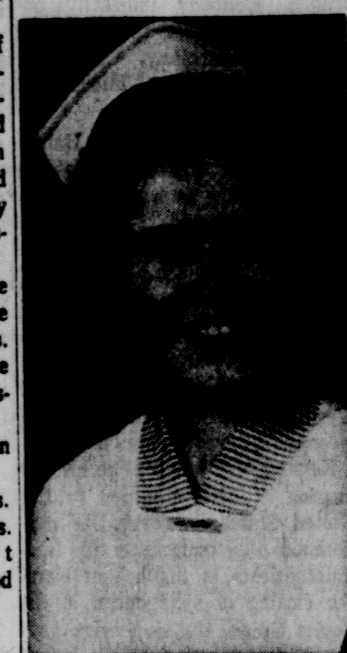

Mrs. Calvin Filler announced that layettes for use in local hospitals would be one of the projects of the groups again this year.

Mrs. Don Schnorrenberg presented the study theme, "More People, More Houses, More Cities" and "The Metropolitan Region."

"Others" was the subject used by Mrs. Edgar for her talk on missions.

Refreshments were served by

## GOD HEALS

Evangelist Eldridge and Ruth Plumbert healing from God is a rich benefit furnished with the Gospel, therefore everyone who is sick, should seek to avail themselves of it. The Bible is a book of miracles. In it's leaves is healing for the nations, and blessings for the soul. A prayer handwritten that has been properly prayed over can be like a piece of cloth from the hem of Jesus' garment for the sick. This is proven by Acts 19:11-12: "And God wrought special miracles by the hands of Paul: so that from his body were brought unto the sick handkerchiefs or aprons, and the diseases departed from them, and the evil spirits went out of them." Christianity is a power with age, the older believers get, the better the Gospel becomes to them, and the more wonderful the spiritual experiences they can have. If they keep progressing in the Christian life, the evil powers will not be able to harm them. If not saved, check here — Prayer handkerchiefs, short sermons, JESUS HEALS will care, how to seek Holy Ghost and talk in tongues. Remember When...?

By HAL BOYLE  
NEW YORK (AP)—The farther you travel in life the less you look forward to where you're going, and the more you like to stop and look back down the road you came along.

This is the pause that refreshes, the pause when the present fades and memory takes over.

You may be bodily old but you're still young in heart if you can remember when—

Every little girl with golden hair and a dimple took tap dancing lessons in hopes she'd become another Shirley Temple.

The world waited to see if Houdini, trapped at last in a box he couldn't escape from, would be able to send a message from the grave.

Douglas Fairbanks and Mary Pickford reigned as king and queen of Hollywood and lived in a palace called Pickfair.

Sage military leaders were sure that if a second world war came the Germans would try to win it at the start with a massive poison gas attack.

# Pitt Travels To UCLA For Grid Opener Tonight

## Powerful USC Set For Tilt Saturday

By JIM BECKER  
Associated Press Sports Writer

The grand old custom of opening with a breather has long since been discarded, with the result that a number of college football teams may have their seasons wrecked this weekend before autumn even dawns officially.

The first full week of the season has some tough scraps scheduled, three of them tonight.

Then on Saturday, nine of the 11 teams in The AP's pre-season big ten—there was a tie for the last spot—get under way. There will be some shattered dreams by midnight. And fall doesn't even start officially until Monday.

UCLA and Pitt are on the slate tonight, with Pitt favored and UCLA upset-minded.

The Orange Bowl will have another tough night game, Miami and Florida State. Miami has George Mira and some fancy sophomores. State has its own prototype passer in Steve Tensi. State Coach Bill Peterson predicts victory.

Tulane, winless last year, and No. 5 Texas, unbeaten in regular play, meet in the other major clash tonight.

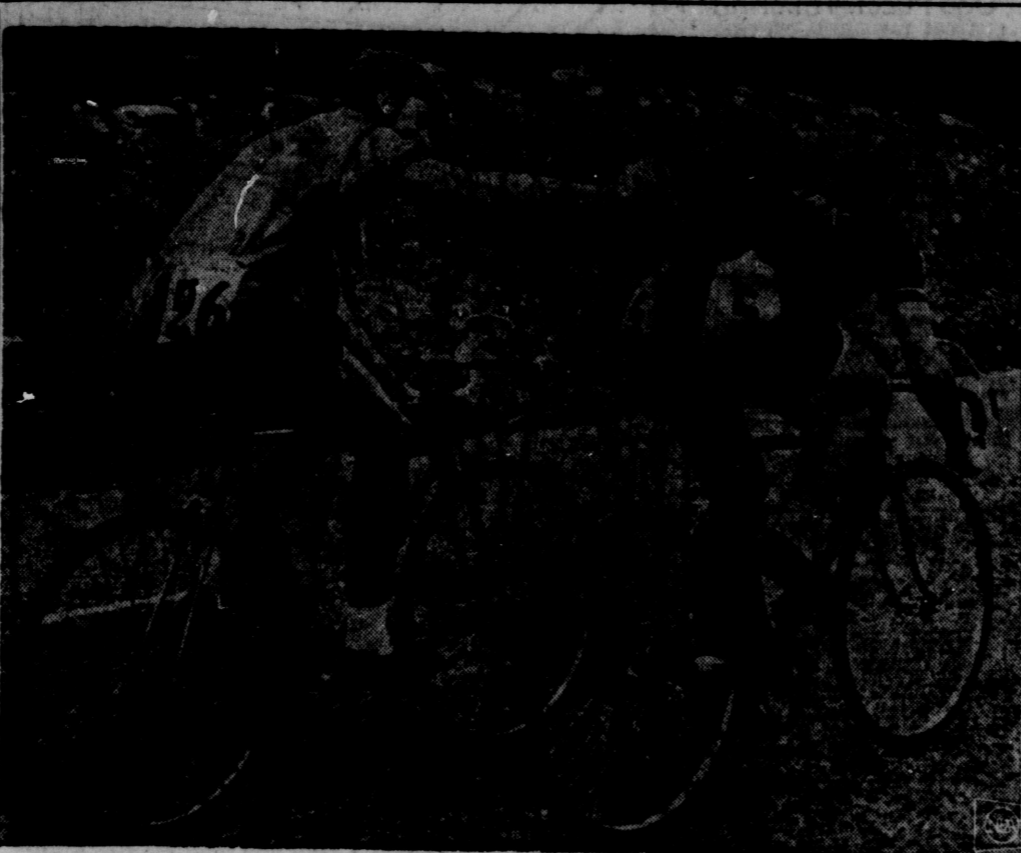

On Saturday, No. 1 Southern California opens defense of its national crown against Colorado, and No. 2 Mississippi should romp against Memphis State in a night game.

From there on it gets tougher. No. 3 Alabama meets Georgia. No. 4 Oklahoma gets Clemson, no soft touch. No. 6 Northwestern meets Missouri. Northwestern, with Tom Myers throwing, is a touchdown favorite.

No. 7 Wisconsin, the Big Ten champion, meets Western Michigan, and No. 8 Arkansas gets Oklahoma State, at night.

Navy, No. 9 and blessed with a schedule that would make the Green Bay Packers shudder, meets upset-minded West Virginia.

Washington, tied with Ohio State for the No. 10 spot, gets a test from Air Force, in the national television game. Ohio State is idle.

LIFT OR LIFTING? — It would require considerable thought to determine whether Sven Hamrin, left, of Sweden is placing a banana in or taking one out of Denmark's Morgens Fray's pocket. They are competing in a six-day bicycle race in Stockholm.

## Braves' Aaron Has Solid Shot At NL Triple Crown

By MIKE RATHET  
Associated Press Sports Writer

Hammerin' Hank Aaron of the Milwaukee Braves has a solid shot at becoming only the 10th player to wear baseball's triple crown of batting, homers and RBI and the first in the National League in more than a quarter of a century.

The right-handed hitter, previously overshadowed by the tight pennant struggle, now has the stage and spotlight to himself in a bid to grab the coveted and elusive major league honor.

While Aaron, 29, continues his bid at Chicago today, the Los Angeles Dodgers open a nine-game home stand against Pittsburgh, hoping to wrap up the pennant race quickly after sweeping the vital three-game series with second-place St. Louis.

The Cardinals, four games behind with only seven to play, will be trying to keep their hopes alive at Cincinnati. Any combination of five Los Angeles victories and-or St. Louis defeats will give the Dodgers their first pennant since 1958.

Aaron, trying to become the first triple crown winner in the National League since Joe Medwick of St. Louis in 1937, leads the league with 42 homers and 127 runs batted in, but must come out on top in a six-man struggle for the batting title.

Aaron, of course, has always figured he has the advantage. As he explains it:

"The pitcher has only got a ball. I've got a bat. So the percentage in the weapons is in favor of me."

The schedule isn't. Aaron, currently hitting .319, has just eight games remaining. Dick Groat of St. Louis is leading with a .323 mark. Roberto Clemente of Pittsburgh, San Francisco's Orlando Cepeda and Tommy Davis of Los Angeles are tied at .321 and Cincinnati's Vada Pinson is at .319.

Davis is the defending champion off a .346 average in 1962. Clemente won with .351 in 1961 and Groat won with .325 in 1960. Aaron, who has won all three titles making up the triple crown at different times during his 10-year career, hit a league-leading .388 in 1959.

Al Kaline became the second American Leaguer to hit the 100-RBI mark this season as he drove in four runs Thursday with two homers, a triple and a single in Detroit's 8-4, 13-inning victory over Minnesota.

In the only other game scheduled in either league, Bo Belinsky pitched a five-hitter in the Los Angeles Angels' 7-2 triumph over Baltimore.

## Mark My Word

By MARK W. MILLER

A lot of fans have been asking, "Just what has happened to Lou Slaby?"

According to Mrs. Louis Slaby, Lou is still a member of the New York Giants NFL organization.

He is participating with the "taxi squad," a unit of promising candidates the Giants are keeping around with an eye on the future.

Also, if someone on the active Giants' roster should be injured at Lou's position (guard, or line-backer on defense) he would immediately be moved up to the varsity squad.

Slaby, who practices daily with the regulars, told his mother that he thought a foot injury during the late stages of pre-season grid drills was probably the reason he was cut.

He was one of the last two to get cut and was then put on the inactive list by the Giants.

His present address is 2324 93rd St. Jackson Heights 69, N.Y.

JACK MILLER, 28, a graduate of Youngstown University is assisting Glen Miller with the football program at Greenford this season. He will also be the Bobcats' junior high basketball coach.

At Austintown High School, Miller participated in football, baseball track and basketball.

For the past seven years his unit team won five of seven titles in the Austintown Church League. The other two times they were runnerup.

He is married to the former Barbara Priore of Austintown, who was Youngstown University homecoming queen in 1958.

TOM OWEN, who had a .494 average with the McAuley Awnings baseball team of Youngstown, received the outstanding Class B award at Pemberton Park recently.

A catcher until he broke a finger, Owen was shifted to right field in July.

He hit safely 49 times in 99 trips to the plate in 24 games, which included nine doubles, four triples two home runs 11 stolen bases and 18 RBI's.

The son of Mr. and Mrs. Mike Owen of RD 4, Tom will attend college as a sophomore at Springfield College, Springfield Mass. this year.

ED KNOX, SOURIS Valley Golf Course professional, will spend the next three months in Salem travel to Florida in January and report back to North Dakota in April.

He reports that the new public course at Minot had a successful year.

The golf site will include a back nine, which will open in the spring, and already 250 have acquired memberships for the '64 campaign including the North

BOB GULLETT, 180-lb. junior letterman at an end and Joe Sevens, 190-lb. junior letterman at a guard are members of the Heidelberg varsity football team.

Other area men playing for the Student Princes include letterman Gary Koning 180-lb. junior from Canfield at an end; and Pat Mariano of Warren St. Mary's and Dale Liston of Minerva.

Lisbon boasts two players on the Youngstown University varsity football roster, James Tanner a 218-lb. senior is a center, while sophomore Larr Buckley is a 193-lb. guard.

Glen Willis, a 191-lb. sophomore is also a guard with the Penquins. He played his high school football at United.

## Packers, Bears Rated Favorites In NFL Contests Slated Sunday

By JACK HAND  
Associated Press Sports Writer

The game that the Detroit Lions and Green Bay Packers have been waiting for since last Thanksgiving Day will be played Sunday at Milwaukee in the top pro football game of the weekend.

Commissioner Pete Rozelle's schedule calls for the defending National Football League champions to face the Chicago Bears, Detroit and Baltimore on the first three weeks of the season. Already beaten by the Bears, Coach Vince Lombardi needs no pep talk to whip up his Packers for their date with the Lions.

Detroit players were free with their comments after their 25-14 shocker over the Packers Thanksgiving Day.

Despite the defeat by the Bears, it is the feeling here that Green Bay will respond to the challenge and turn back Detroit in another grind it out effort.

Here's the way the weekend schedule looks from here: (All Sunday unless otherwise noted)

**NATIONAL LEAGUE**

Green Bay 13, Detroit 7—Lombardi may have a surprise for the Lions in this bitter battle of two top defensive units. The field goal should win again for the Packers just as it did in their first meeting last year.

New York 20, Pittsburgh 16—The Steelers always are tough for the Giants with their solid defense. Lou Michaels' field goals will keep Pittsburgh in the game but the Giants' air arm is too strong.

Chicago 21, Minnesota 17—The Bears cannot afford to let down after the Packers game because the Vikings were the terrors of the exhibition season.

Baltimore 21, San Francisco 7—Unless Johnny Unitas was roughed up too much by the Giants, he should shred the 49ers' pass defense.

## Overtrick Paces To Win In Brown Jug

By FRITZ HOWELL  
Associated Press Sports Writer

DELAWARE, Ohio (AP)—Overtrick, the sleek bay colt owned by Mrs. Leonard J. Buck of Far Hills, N.J., got a lot of revenge Thursday as he won the Little Brown Jug in straight heats.

He did it in fancy style, too. The Solicitor - Overbid offspring raced the first heat far off the rail in 1:57 1-5—the fastest any pacer or trotter has ever gone over a half-mile track in competition. He came right back in 1:57 3-5, making every post a winning one, as he again cracked the old record.

In picking up \$38,245, and running his year's earnings to \$125,341, the fleet 3-year-old pacer bettered the world record for a single heat of 1:58 3-5 set in 1960 by Muncy Hanover and tied by Bullet Hanover in the first two heats of the Jug. His combined time of 3:54 4-5 also erased the best straight heat time of 3:58 2-5 set by Lehig Hanover a year ago.

But the big satisfaction to driver John Paterson Jr. of Dalton, Ga., came in the way Overtrick defeated Country Don, the Canadian star driven by youthful Marcel Dostie, and Meadow Skipper, the pride of reinsman Earle Avery.

Those two stalwarts had beaten Overtrick in his last two starts, Country Don at Washington Park and Meadow Skipper in the Cane Futurity at Yonkers. But with the chips down in the prestige-packed Jug, and 39,847 railbirds cheering him on, Overtrick was all trumps.

Meadow Skipper and Country Don, each with a 2-3 heat finish, won \$10,927 each. Chapel Chief (9-4), Sly Yankee (4-11) and Max Hanover (5-5), picked up \$2,731 each of the total purse of \$68,294.

## Herb Score To Telecast Tribe Games

CLEVELAND (AP) — Herb Score, former Cleveland pitcher whose baseball career has gone downhill since he was hit in the eye with a batted ball in 1957, will help telecast two Indians games this month.

He will replace Ken Coleman Saturday when the Tribe plays Los Angeles here and will be Bob Neal's partner. The pair will also broadcast the final game of the year in Kansas City Sept. 29.

Coleman, who has telecast the games for 10 years, will devote all his time to telecasts of the Cleveland Browns. A conflict of schedules caused the switch.

Score, 30, said no one has told him his appearances were auditions for a steady broadcasting job next year "I hope it is."

The Indians will play host to the Angels tonight in the first of three games. Either Mudcat Grant or Jack Kralick will oppose Dean Chance of the Angels. After this series, the Tribe has only one more home game this year, against Minnesota Tuesday night.

## Salem Frosh Lose 14-0 To Palestine

East Palestine scored twice in the fourth quarter to hand Salem's freshmen football team a 14-0 setback at Reilly Field Thursday.

It was the first loss of the campaign for the young Quakers who had tied Canfield 0-0 in the season opener a week ago.

Coaches Bob Carbaugh and Bing Newton are preparing the Salem unit for the invasion of Alliance State Street scheduled here next week.

The Bulldogs broke up a scoreless battle in the fourth frame when Jim Parker slanted off tack for six yards and a touchdown. He added the two-point conversion on a plunge.

Ray Bush set up the TD, when he returned a punt from his own 25 to the Salem 35. It took the Bulldogs 10 plays to cover the rest of the distance.

A little later in the period, East Palestine went 55 yards in 10 plays, with Bush sweeping end for 15 yards and a touchdown. A try for the extra points on a run failed.

Salem's only threat was early in the game when the Red and Black recovered a fumble on the East Palestine 45. The Quakers then marched to the visitors' 10 where the drive bogged down.

## 12 to 15 Colts May Be Entered

## 74th Running Of Futurity For 2-Year-Old Horses Set

By JOHN CHANDLER  
Associated Press Sports Writer

The Futurity, a race that has produced more 2-year-old champions than any other, is down for

its 74th running at Aqueduct Saturday and if some juvenile is

ready to start wrapping up the 1963 title this is the time to start.

## 3 Tough Games Set For MAC Units

## Ohio College Grid Schedule Features Outside Opponents

By THE ASSOCIATED PRESS  
The three perennial powers of the Mid-American Conference will test their 1963 football potential against tough outside foes Saturday as the highlight of Ohio's first big pigskin afternoon of the year.

Then, Saturday night, the favored four of the Ohio Conference will set about reducing the title favorites' list to two in head-to-head battles.

Detroit at Bowling Green, Xavier at Miami (Ohio) and Buffalo at Ohio University feature a seven game daylight slate.

Muskingum at Akron and Wittenberg at Baldwin-Wallace are the O.C. games which, along with Toledo at Dayton and Drake at Cincinnati, headline an 11-game arc-light show.

Bowling Green's Falcons will be

sharpening their claws for defense of their Mid-American championship. Oxford fans will see Miami's first game under new Head Coach Bo Schembechler and a vaunted, veteran Redskins backfield. Another first-year Mid-am coach, Toledo's Frank Lauterbur, debuts at Dayton, where Coach Pete Ankney also is a newcomer. Ohio U.'s Bobcats meet a Buffalo team that beat Gettysburg 34-0 last week.

Wittenberg, loaded with returnees from the unbeaten 1962 outfit, starts in quest of a fourth straight Ohio Conference diadem. Akron, regarded top challenger, and the Muskies probably will play before 35,000 fans in the annual supermarket promotion at the Rubber Bowl.

For Xavier—shaky from a virus epidemic among its players and a 9-7 loss last week to the Quantico Marines—this is the second outing. Otherwise the Buckeye schools in action are launching their campaigns except for Bluffton (1-0), Ohio Northern (1-0), Ashland (1-0) and Findlay (0-1).

Other games are Carnegie Tech at Ohio Wesleyan, Denison at Rochester, North central (Ill.) at Otterbein, California (Pa.) at Marietta, Ohio Northern at Mount Union, Wooster at Ashland, Bluffton at Heidelberg, St. Joseph (Ind.) at Central State, Rose Poly at Wilmington, Hope (Mich.) at Findlay, and Defiance at Adrian (Mich.).

Youngstown's Penguins got the weekend doings under way Thursday night when they tied Central Michigan 7-7.

The 2-year-old colt division is in a state of confusion. From 12 to 15 youngsters may start in the 2-year-old race, which will gross about \$150,000, and the probable favorite is Joseph M. Robeling's Black Mountain, unbeaten in four starts.

For years the Futurity was decided on the old Belmont Park straight course, with the winner usually marked as the one to beat the following year in the Kentucky Derby and other 3-year-old classics. The more recent winners include Citation, Battlefield, Tom Fool, Native Dancer, Porthouse, Nashua, Bold Ruler, and last year's juvenile champion—Never Bend.

Black Mountain won three straight at Saratoga, and on Sept. 10 whipped eight rivals at Aqueduct, including four stakes winners—Duel, Dark King, Delirium and True Flight.

Claiborne Farm's Duel, Mrs. Harris B. Martin's Dark King, Townsend B. Martin's Tunnel Money, Charles W. Engelhard's Chaleur Bay, Farion R. Frankel's Buppers, John W. Galbreath's Bleacherite, Duval A. Headley's Grand Central and the Harbor View Farm entry of Count Bud and Irknap are among the possible rivals for Black Mountain.

Mary V. Fisher's Golden Ruler, winner of the Arlington-Washington Futurity, is undefeated and leads the 2-year-olds at the moment. But Golden Ruler is on the farm in Kentucky, and may start only once more. Raise A Native, also unbeaten in four races, looked the part of a champion, but he was hurt in August and retired from racing.

**CAR WASH CHAIN**

Prime locations available

This is a unique opportunity for financially responsible indi-  
viduals or parties to become owner-operators of Violet-Spray  
Wash 'N Wax Service Centers. If you qualify, you can look  
forward to a gratifying 5 figure annual income.

No experience is necessary, merely sound business sense, and  
the aptitude for dealing successfully with people. Required  
is a cash investment under \$10,000 which is part of the total  
investment amounting to between \$25,000 and \$30,000. This  
total investment includes equipment, installation, supplies,  
training promotion and all other materials required for suc-  
cessful operation. We arrange for the location and it's lease,  
the design and construction of your Wash 'N Wax Service  
Center. If the idea of being owner-operator of a modern dis-  
count auto wash interests you, write or telephone today.  
There is no obligation, and your reply will be treated confi-  
dentially.

A word from **THERON** at the **Country Store**

We here at the Country Store depend on electricity to do a lot of things for us. More than one hundred electric motors are in operation here.

The other night during a bad electric storm a couple fuses were knocked out down the road here on a transformer.

I called the Salem office, in less than twenty minutes the service man was out and we were back in operation.

I thought that was very good service. Thank you so very much. We really appreciate what electricity does for us here.

### Goshen Ruritans

#### Vote To Incorporate

Twenty-four members and two visitors were present when Goshen Center Ruritan Club met Monday at the Root 62 Golf Club in Damascus.

Visitors were Al Guy of Warren and Ralph Schneider of North Georgetown, district governor, who talked on the progress of Ruritan clubs and explained about incorporating the clubs.

The club voted to incorporate and appointed three trustees, Charles Williams, Paul Heine-man and Herbert Weingart, and a statutory agent, Richard Bryan.

The group also decided to help canvass the community for the United Appeal. A report was given on the recent tractor-pulling contest.

Clarence Weingart thanked the club for its help with work on the Willard Headland farm following the death of Headland's son in a recent accident.

A movie "Industrial Center of the United States," was shown.

Next meeting of the board of directors will be at 8 p.m. Oct. 10 at the home of Eugene Malm-berry.

Next meeting will be Oct. 21 at the Root 62 Golf Club.
